JJ INTERNATIONAL SPORT

Welcome to JJ International, your trusted partner in sports items and uniforms. With a rich history spanning over two decades, we've established ourselves as a leading exporter of high-quality sports goods from Pakistan since 1997. Our commitment to excellence has enabled us to build a loyal client base across the globe, and we continue to strive for innovation, quality, and customer satisfaction.

Our Mission

At JJ International, our mission is to deliver exceptional sports items and uniforms that exceed our customers' expectations. We value integrity, teamwork, and continuous improvement, fostering a culture that encourages creativity, innovation, and growth. Our goal is to be the preferred choice for sports enthusiasts and teams worldwide, while maintaining a reputation for reliability, quality, and excellence.

Core Values

Our core values are the foundation of our success:

Quality: We're committed to delivering high-quality products that meet international standards.

Innovation: We strive to stay ahead of the curve, incorporating the latest technologies and design trends into our products.

Customer Satisfaction: We prioritize our customers' needs, ensuring timely delivery, competitive pricing, and exceptional service.

Teamwork: We believe in collaboration, empowering our team members to contribute their expertise and ideas.

Integrity: We operate with transparency, honesty, and ethics, building trust with our customers, partners, and stakeholders.

Key Differentiators

What sets us apart?

Experience: With over 25 years of exporting experience, we've developed a deep understanding of global markets and customer needs.

Quality Control: We maintain rigorous quality control measures, ensuring our products meet the highest standards.

Customization: We offer bespoke design and manufacturing services, catering to unique customer requirements.

Competitive Pricing: We provide competitive pricing without compromising on quality, ensuring our customers receive the best value for their investment.

Reliable Delivery: We guarantee timely delivery, ensuring our customers receive their orders promptly and efficiently.

GREATER CUSTOMIZATION OF YOUR APPAREL

Rather than restricting you to our sizes or styles, we encourage new garment development, individual order customization, and offer free expert consultations on fabrics and apparel features that fit your brand's needs.

06

EXCELLENT QUALITY CONTROL PROCESSES

Quality control processes are an essential part of any manufacturing process, and they are particularly important when it comes to producing custom team uniforms

Catching Errors Early

Our quality control processes start at the beginning of the manufacturing process and continue throughout, with multiple checks at every step. This means that any errors or mistakes are caught early on avoiding mistakes or allowing for immediate reproduction. This allows us to maintain our turnaround times.

Maintaining Quality Standards

We have strict quality standards that we adhere to, and our quality control processes ensure that these standards are met every time. This means that our customers can rely on us to produce high-quality custom team uniforms that meet their expectations.

Ensuring Accuracy

Each of our orders is highly customized from the names, sizes, and numbers to the design and fit of each apparel piece. We are able to go beyond most manufacturers in customization options because of our refined QC checklists and processes.

07

08

REPREEVE RECYCLED FABRIC ALWAYS IN STOCK

At Guven Sport, we believe in doing our part for a greener tomorrow. That's why we're proud to offer REPREEVE fabric options to our clients. Since it's founding in 2007, REPREEVE has recycled over 35 billion bottles worth of plastic while creating it's performance fabrics.

Despite being recycled, REPREEVE fabric is some of the highest quality fabric we stock and is trusted by major sports organizations and brands including the Pac-12 athletic conference in the US.

Many teams are looking to reflect their personal values in the apparel they wear. By developing products made with REPREEVE offerings with us, you'll be able to meet the growing demand for eco-friendly apparel while also increasing your per unit profit margin.

We currently stock 140gsm and 160gsm REPREEVE fabrics. We are able to supply heavier GSM's of REPREEVE fabric, but require a minimum order of 1000 apparel pieces.

BRANDS USING REPREEVE

VALUE-ADDED SERVICES FOR TEAMWEAR BRANDS

Do more for less with free or low-cost offshore services tailored to the needs of teamwear and apparel brands like yours.

Production Photos with Every Order

As a last QC check and an added perk to our clients, we take high-quality photos of every apparel piece on a mannequin in our studio and forward them to our clients to send to the end-user or use for their marketing.

Kit Builder Software & Set-up

We've invested considerable time and money into developing designs and capabilities into kit builder software so that we can offer to our clients at a heavily discounted rate to create their own for use on their websites.

Artowrk Design & 3D Mock-Ups

We offer free artwork design for many orders as well as inexpensive 3D mock-ups when required to save you time and money on hiring in-house design staff.

Regular Shipping Updates

Our staff will send you regular updates of every shipment's progress. This way you can rest easy knowing that you'll be informed of any delay and kept in the loop until the apparel is delivered.

Promo Item & Product Sourcing

Because of our partnership with sister company Guven Resources, a trading company also in China, we are able to source any custom product to manufacture in China or Asia so that you can rapidly expand your capabilities as needed.

Client Portal & Team Shop Solution (Coming Soon)

We believe in making the most of technological solutions to make life easier for our clients. We are currently developing both a client portal to simplify the order process and a service where we can help our clients offer their customers a team shop on their website. Stay tuned!

ELITE MANUFACTURING QUALITY

We set out to manufacture every apparel piece to professional-grade quality. This means that our apparel looks great despite rigorous use and performs to a high-level on the field week after week.

Trusted By Professional Athletes

Many of our clients supply professional teams using our apparel. Since we do not make this apparel any different than the rest of our team wear, you can trust that our quality is good enough for the pros.

Top-End Materials & Machinery

What goes into and what creates each piece of apparel matters. We believe that true quality can't be faked and have invested in top-of-the-line production equipment and high-grade fabric materials.

Dedicated to Excellence

No matter what machinery and materials you have, the most important aspect for creating quality apparel is the people involved. We handpicked a team of all-stars, each experts in their specialty with considerable experience at the cutting edge of team wear manufacturing. Their passion for quality and durability is evident in our finished products.
